

The eCall Days is the largest conference on the pan-European eCall organised by ITS automotive nord. Political representatives of the European Commission, I_HeERO participants as well as other important stakeholders present their agenda on the current status of the eCall implementation in Europe and other parts of the world. Furthermore the conference focuses on current key topics like conformity assessment and eCall for P2W as well as future challenges.

Venue

Hamburger Sportbund e. V.
Haus des Sports
Schäferkampsallee 1
20357 Hamburg
Germany

Public Transport:
Underground U2 or U3
Station "Schlump"
